

CSLA CD 09 POSTING SURVEY

On April 1, 2019 WPD Environmental Compliance Inspectors A.Mireles and A.Zhang conducted homeless encampment surveys and posted areas for clean-up starting on Wednesday April 3, 2019. All locations were posted on both sides of the street and adjoining blocks when applicable. Additional photographs taken are not included in this report.

Approximately four and a half (4.5) hours of total cleanup time should be allowed for April 3, 2019, and the following resources will be required: One WPD team, one LASAN Solids team, one Clean Harbors Environmental Services team, one large trash truck, and one Kubota. Majority of these locations are located in alley ways which may be difficult for a large trash truck to access. Note that there are some alleys with gates and chains which I was notified are paid for by the residents.
